CSPA Grant Program Deadline

October 1st 2016 is the deadline to apply for a CSPA financial grant. The maximum amount paid is \$2,000 per application. Contact us for an application or see email attachments sent along with this newsletter.

CSPA Joins the International Alliance of Dermatology Patient Organizations (IADPO)

The CSPA has become a member of IADPO. We will represent and keep our Affiliate members in the loop as to anything that may be of interest. However, this does not preclude your organization from becoming a member if you wish.

More info about IADPO: www.globalskin.org

Invite other patient groups to join the CSPA

Does your network include other dermatology patient groups that could benefit from being a CSPA affiliate? If so, please send them our way so we can share the many reasons they can benefit from being a CSPA affiliate. No matter the condition, we all face similar challenges so let's work together to achieve our goals.

GET INVOLVED

CSPA has three sub-committees that you can participate in: Fund Development, Affiliate Members and Social Media.

Each committee meets by phone 3-4 times per year and once in person.

Moving ahead, we are committed to engaging with our Affiliate members more closely to ensure value added for your organization. For more info, please contact us today.
